

PLAY-BASED SCHOOL TOUR

MANHATTAN
BEACH

Nursery School

At Manhattan Beach
Nursery School, the “whole
child” is nurtured.

Children are encouraged
to show the full range of
their emotions, just as they
are encouraged to fully
express themselves
creatively, cognitively, and
physically. Simply, children
learn best when they are
allowed the freedom to
control and explore their
own environment. Each
child’s individuality is
respected.
